Operating Revenue (B1 - B15)

DO NOT REPORT CAPITAL REVENUE IN THIS SECTION. They are reported as Item #C40. Examples of revenue to be used for major capital expenditures include funds received for (a) site acquisitions; (b) new buildings; (c) additions to or renovation of library buildings; (d) furnishings, equipment, and initial book stock for new buildings, building additions, or building renovations; (e) library automation systems; (f) new vehicles; and (g) other one-time major projects. Include federal, state, local, or other revenue to be used for major capital expenditures. Exclude revenue to be used for replacement and repair of existing furnishings and equipment, regular purchase of library materials, and investments for capital appreciation. Exclude contributions to endowments, or revenue passed through to another agency (e.g. fines) or funds unspent in the previous fiscal year (e.g., carryover). Funds transferred from one public library to another public library should be reported by only one of the public libraries.

E-rate -- If there is an invoice sent to the library that indicates the amount of the e-rate discount (i.e., supported by documentation), then the library can report this as an expenditure under Other Operating Expenditures (Item C29). In such a case, the library should also report the e-rate funds that supported the discount in Other Operating Revenue (Item B14)). If no such documentation can be identified, then the amount should not be reported as either revenue or expenditure.

Outreach Vehicles (F1 - F3)

An outreach vehicle is a vehicle used principally to provide personalized library services to individuals and groups at remote locations. The vehicle does not have an organized collection separate as in the case of a bookmobile. Staff will deliver and pick-up library materials specifically for patrons who are for any reason unable to visit the library in person. An outreach vehicle may also be used for programming at daycare centers, schools, senior centers, etc

To ensure comparable data, 40 hours per week has been set as the measure of full-time
employment (FTE). For example, 60 hours per week of part-time work by employees in a staff category divided by the
40-hour measure equals 1.50 FTEs.

To calculate FTEs for seasonal workers, I would use the following example:

0.00

2,392.00

- Two three month workers (.25 of year) work 15 hours a week, so
- 15 + 15 = 30 hrs/wk
- 30/40 = .75 FTEs
- 75 * .25 = .1875 FTE for entire year (based on working only three months)

Electronic Collections [databases] (K7a - K7b): Report the number of electronic collections [databases].

An electronic collection [database] is a collection of electronically stored data or unit records (facts, bibliographic data, abstracts, texts, photographs, music, video, etc.) with a common user interface and software for the retrieval and use of the data. An electronic collection [database] may be organized, curated and electronically shared by the library, or rights may be provided by a third party vendor. An electronic collection [database] may be funded by the library, or provided through cooperative agreement with other libraries, or through the State Library. Do not include electronic collections [databases] that are provided by third parties and freely linked to on the web.

Electronic Collections [databases] do not have a circulation period, and may be retained by the patron. Remote access to the collection may or may not require authentication. Unit records may or may not be included in the library's catalog; the library may or may not select individual titles.

Include electronic collections [databases] that are available online or are locally hosted in the library.

Note: The data or records are usually collected with a particular intent and relate to a defined topic.

Report the number of electronic collections [databases] acquired through curation, payment or formal agreement, by source of access:

Item #K7a Local/Other cooperative agreements
Item #K7b (State government or state library)
Item #K7 Total Electronic Collections [databases].

This is the sum of Local/Other cooperative agreements, and State Electronic Collections [databases] (Item #K7a and #K7b).

Self-Directed Activities (Passive Programs) (P1 -

A Self-directed Activity is a planned, independent activity available for a definite time period which introduces participating individuals to any of the broad range of library services or activities which directly provide information to participants. Activities differ from programs in that activities are unstructured and depend on the participation of the attendee to create the experience, rather than a structured presentation offered by librarian to a group at a set time.

Examples of these types of passive activities include DIY stations, craft/activity bags, make and take activity kits, and Do Science at Home STEAM Kits.

This does not include informal services such as homework help.

Count all activities, whether held on— or off-site, that are sponsored or co-sponsored by the library. Exclude activities sponsored by other groups that use library facilities.

Self-directed activities may also have a program component that would be reported in Section O of the report. For example, a program about crafts (report in Section O) may involve constructing objects (report in Section P)

The Bracken County Public Library received a \$70,000 grant for bookmobile. The library purchased the vehicle and is in process of completing the work to convert the vehicle into a fully functioning bookmobile. This has meant various expenses related to the project, including building an initial collection for the vehicle. This are no direct statistics in circulation for this vehicle since it is still months from being in operation.
